

Paschal JROTC Fundraiser

We are launching a Fan-Pledge Fundraiser which allows us to generate donations from our network of fans. This has been an incredible fundraiser for many groups in the area and we are excited about this year. We are asking each member to gather 20 email addresses and phone numbers of family, friends, and potential donors willing to support our campaign. *Your contacts are strictly private and protected, and never sold or shared. We will only use them for this fundraiser and nothing further.* Members will be contacting loved ones and friends during a 40-minute Live Campaign. Fans will have the opportunity to make a pledge to their favorite participant and leave a message of encouragement. This will allow us to generate funds in a short amount of time without all the volunteer hours. It is important that every member participate to help us reach our goal. Please make a great effort to get 20 unique email addresses and phone numbers in the next 2 days.

Brainstorm ... *Friends, Family (anywhere in the country), Grandma, Grandpa, Aunts, Uncles, Neighbors, colleagues, business owners, Doctors, Dentists, professionals. Avoid teachers and administrators as many are duplicated by students.*

****Returning band members -you will be prompted between steps 5 and 6 to “review and add” existing contacts associated with your email or phone number if you wish. Feel free to add additional contacts as well at step 6.*
